

accredited training

Project Management

Advice Skills Academy will be running Level 3 accredited training in Project Management in September 2018, and early 2019.

Accredited by the Institute of Leadership and Management (ILM), the unit covered will be:

- **Managing workplace projects**

This Level 3 accredited training is ideal for those who are leading on projects, working in support roles in projects, or for those who are interested in moving into project management.

Delivered over 1 - 2 days, this course will help learners understand the design principles of projects; project planning techniques; how to monitor project performance; and how to evaluate projects.

If you're interested in doing this accredited training please speak to your ASA Link staff member

To do the accredited training you must be:

- ◆ Signed up to the Advice Skills Academy project
- ◆ Willing to study and complete written assignments outside of the training sessions
- ◆ Must have sign-off from your CEO
